The compassion perspective

First of all, he's sicker than me, I think, or maybe we should say as much as me.....

... because he never looks me in the eyes!

- ✓ **Spirituality** is "a framework that provides people with a sense of ultimate purpose and meaning in life".
- ✓ Resilience is the "ability to withstand adversity and bounce back and grow despite life's downturns".

Time [days]

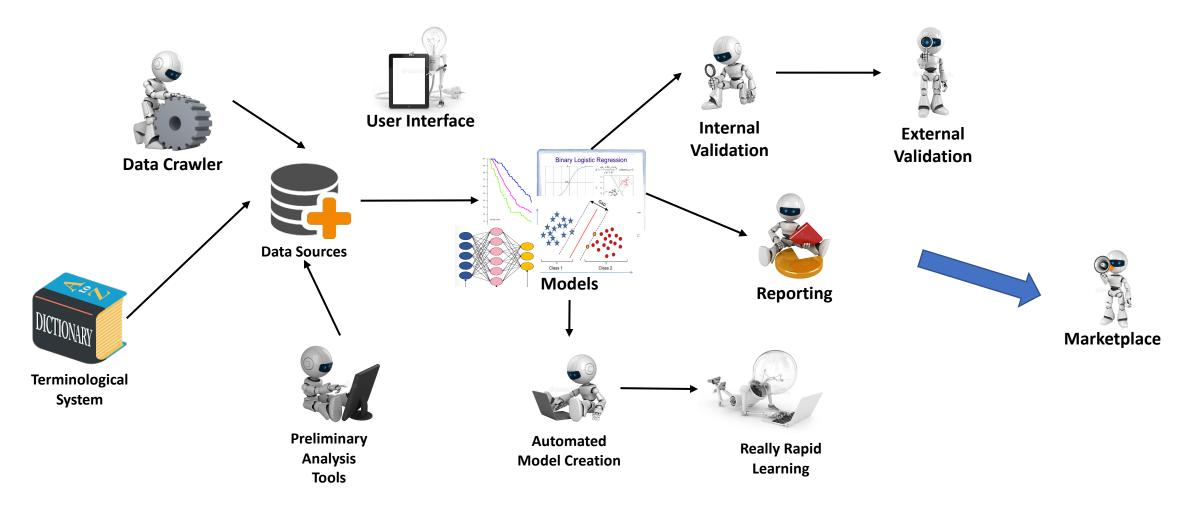

Patients with lower spirituality and lower resilience survived shorter than patients with higher spirituality and higher resilience
