Do you have a new idea?  
If you've got one, make sure you act on it now!  
Someone else may already be working on the same idea as you.  
Tomorrow it could be an experience...

# Motus et rondo verticalis et horizontalis

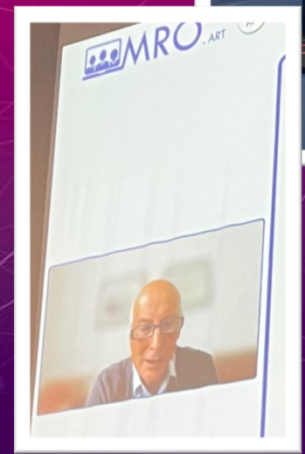

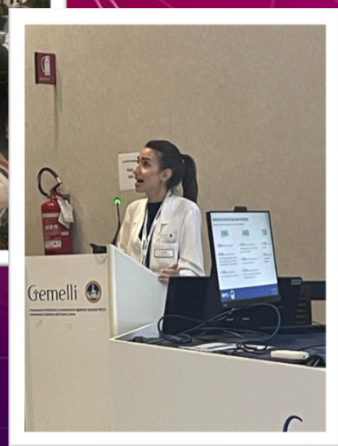

## *Nel blu dipinto di BLUD: una preziosissima Banca del Latte apre i suoi 'sportelli' al Gemelli*

For newborn babies, breast milk, fresh or banked, is a real shield against some of the complications associated with prematurity. The breast milk bank is active at the Gemelli Policlinico. The person in charge of the project and the organisation of this service is Professor Giovanni Vento.
